- Slack

PROFESSIONAL EXPERIENCE

Backend Developer

BlueDevTech Solutions | 2021 - 2023

- Successfully integrated third-party APIs to enhance product functionality, expanding the range of services offered to customers.
- Oversaw and led cross-functional teams to successfully complete several projects on schedule and within budget, increasing overall project efficiency.
- Identified and carried out strategic initiatives in close collaboration with senior management, resulting in a rise in overall business revenue through innovative tech solutions.
- Mentored and trained junior developers, fostering a collaborative learning environment and enhancing team skills and capabilities.
- Actively participated in code reviews, ensuring code quality and adherence to best practices, which led to a more robust and maintainable codebase.

Engineering Intern

Mobil 11Plc(Lube Oil Blending Plant) | 09/2020 - 07/2021

- I contributed to maintaining high product quality standards by implementing rigorous quality control measures in the blending process.
- Collaborated and worked closely with my supervisors and other interns to improve overall blending operations.
- Assisted in implementing preventive maintenance strategies for blending equipment, reducing downtime and improving overall equipment reliability.
- Ensured I adhered strictly to environmental and safety regulations, contributing to a safer working environment and maintaining compliance with industry standards.
